A. JOHN BRITTO

TEAM LEAD (7+ YEARS EXPERIENCE)

Phone: +91 95972 14250 **Email:** johnbritto4794@gmail.com **Location:** Trichy, Tamil Nadu, India

PROFESSIONAL SUMMARY

Result-oriented Team Lead and Full-Stack Web Developer with over 7 years of comprehensive experience architecting, developing, and deploying mission-critical web applications. Proven track record in leveraging Generative AI, LLMs, and modern engineering practices to accelerate software development lifecycles. Specialized in enterprise Accounting solutions, high-throughput RESTful/ FastAPI architectures, IoT hardware communication, and full-stack environments across Laravel, Node.js, Python, React, and Vue. Strong technical leader adept at guiding cross-functional agile teams and building scalable cloud-ready business platforms.

TECHNICAL SKILLS

Leadership & AI:	Team Lead, Agile Methodologies, Claude AI, Google AI Studio, Cursor, Hugging Face, Ollama
Frontend Stack:	React JS, Vue JS, Angular JS, JavaScript (ES6+), HTML5, CSS3, Bootstrap
Backend & APIs:	Laravel, CodeIgniter, PHP (Core), Node.js, Python, FastAPI, RESTful APIs, Bluetooth Device Communication
Databases & Cloud:	MySQL, MongoDB, Supabase, Firebase, AWS S3, Payment Gateway Integration

PROFESSIONAL EXPERIENCE

Team Lead
Sep 2025 – Present

Global Connect Business Solutions

- **AI-Accelerated Engineering:** Spearhead development workflows by embedding advanced AI tools including **Cursor**, **Claude AI**, and **Google AI Studio** across the engineering team, drastically optimizing code quality, refactoring, and sprint delivery timelines.
- **Local & Open-Source LLM Integration:** Experiment and deploy localized LLM pipelines utilizing **Ollama** and **Hugging Face** models to automate complex internal business processes and data extraction.
- **Full-Stack Architecture:** Guide the engineering of high-performance enterprise web applications using modern frontend frameworks like **React** and **Angular**, backed by scalable **Node.js** server environments.
- **Database & Cloud Infrastructure:** Architect resilient, high-concurrency data layers utilizing **MySQL**, **MongoDB**, and **Supabase** to support real-time querying, authentication, and state management.
- **Enterprise Accounting Solutions:** Oversee the end-to-end delivery of specialized, compliance-driven accounting software, ensuring transaction integrity, numerical precision, and seamless automated financial reporting.

Senior Web Developer
Sep 2022 – Mar 2025

eQuadriga Software (2 Years 6 Months)

- **Full-Stack Enterprise Applications:** Engineered robust platforms including Distributor Service Management (DSM), Data Management Systems (DMS), and internal Project Management platforms using **Laravel**, **PHP**, **Node.js**, **Vue JS**, **React JS**, and **Angular**.
- **High-Performance API Architecture:** Designed and deployed secure **RESTful APIs** and high-throughput backend services using **FastAPI** and **Python** to power cross-platform Android mobile applications and system integrations.
- **Hardware & IoT Communication:** Built real-time, interactive web interfaces using **Vue JS**, **JavaScript**, and **Laravel** to enable seamless Bluetooth device-to-software communication.
- **Database Architecture & Optimization:** Designed and maintained scalable relational and NoSQL databases using **MySQL** and **MongoDB** for high-volume transactions and optimized data indexing.
- **Data Visualization & UI/UX:** Developed responsive, data-heavy dashboards featuring dynamic chart and graph reporting engines utilizing **HTML5**, **CSS3**, **Bootstrap**, and modern SPA workflows.

Web Developer
Feb 2019 – Sep 2022

Dextrasys Technologies Pvt. Ltd. (3 Years 8 Months)

- **Full-Stack Application Development:** Architected and maintained core enterprise business platforms utilizing **Angular JS**, **React**, and **Vue** on the frontend, powered by robust backend services built with **Laravel**, **CodeIgniter**, and **Node.js**.
- **Database Design & Management:** Engineered scalable relational and NoSQL database schemas using **MySQL** and **MongoDB** to handle high-volume business data, caching, and secure querying.
- **UI/UX & Responsive Design:** Developed modern, mobile-first, and cross-browser interfaces leveraging **Bootstrap**, modular CSS, and dynamic single-page application (SPA) workflows.
- **Financial Modules & Analytics:** Programmed transaction-safe modules for automated quotes, invoicing, and multi-tier user reports, alongside integrating analytics and Facebook Ads tracking APIs.
- **Cloud & Asset Storage:** Built secure media management subsystems with validated CRUD operations integrated directly with **AWS S3**.

Intern Web Development
Aug 2018 – Jan 2019

Bouncing Electron Technologies Pvt. Ltd. (6 Months)

- **Event Management System:** Designed and programmed a custom event management platform tailored for the Metallurgical and Materials Engineering department at NIT Trichy using **PHP**, **Laravel**, and **MySQL**.
- **Payment & Transaction Integration:** Integrated secure **Payment Gateway** APIs to handle seamless online event registrations, ticketing, and transaction records.
- **Frontend & UI Development:** Built responsive, cross-browser web interfaces utilizing **HTML5**, **CSS3**, **JavaScript**, and **Bootstrap**.
- **Web Optimization:** Contributed to system debugging, feature enhancements, and page-load optimizations across the core Focal Length corporate website.

EDUCATION

Degree / Qualification	Year of Graduation	Score / Percentage
Master of Computer Applications (MCA)	2018	73.12%
B.Sc. in Computer Science	2015	62.44%
HSC (12th Standard)	2012	59.25%
SSLC (10th Standard)	2010	78.60%

KEY COMPETENCIES & PERSONAL DETAILS

- **Core Competencies:** Adaptive Technical Execution, Full-Stack Architecture, Server-Side Handling & Architecture, AI & LLM Workflow Integration, Agile Leadership, Cross-Functional Team Mentorship.
- **Date of Birth:** 04 July 1994
- **Languages Known:** English, Tamil
- **Location / Domicile:** Trichy, Tamil Nadu, India

> **DECLARATION:** I do hereby declare that the above-furnished particulars are true to the best of my knowledge and belief.

Date: 25 August 2026 **Signature: A. John Britto**
